**MALABO DECLARATION ON ACCELERATED AGRICULTURAL
GROWTH AND TRANSFORMATION FOR SHARED
PROSPERITY AND IMPROVED LIVELIHOODS
Doc. Assembly/AU/2(XXIII)**

We, the Heads of State and Government of the African Union, having met at our Twenty Third Ordinary Session of the AU Assembly in Malabo, Equatorial Guinea, from 26-27 June 2014, on the Theme of the African Year of Agriculture and Food Security: *“Transforming Africa’s Agriculture for Shared Prosperity and Improved Livelihoods through Harnessing Opportunities for Inclusive Growth and Sustainable Development, also marking the tenth Anniversary of the Adoption of the Comprehensive Africa Agriculture Development Programme (CAADP)”*.

Recalling our previous Decisions and Declarations on agriculture and food and nutrition security, in particular the 2003 Maputo Declaration on Agriculture and Food Security in Africa [Assembly/AU/Decl.7 (II)]; the 2004 Sirte Declaration on the Challenges Of Implementing Integrated and Sustainable Development in Agriculture and Water in Africa [Ex/Assembly/AU/Decl. 1 (II)]; the 2009 Sirte Declaration on Investing in Agriculture for Economic Growth and Food Security [Assembly/AU/12 (VIII)]; the 2007 Decision on Abuja Special Summit of the AU on Fertilisers [Assembly/AU/Dec.117 (VII)]; the 2007 Decision on the Abuja Summit on Food Security in Africa [Assembly/AU/Dec.135 (VIII)]; among others.

Acknowledging the persistent efforts made in implementation of the CAADP at national and regional levels, and the positive growth performance that our agricultural sector has been registering in recent years.

Also acknowledging the challenges faced in the implementation of many of those Decisions and Declarations, in particular on progress made in attaining the minimum targets of public investment in agriculture that should demonstrate Africa’s ownership and leadership to the achievement of goals as enshrined in the 2003 Maputo commitments.

Recognising the dire situations that obtain with regard to Africa’s capacity to generate analyse and manage data and information to facilitate evidence based policy development and tracking of progress of implementation, and hence **affirming** our commitment to enhance such a capacity.

Noting with Concern that the results of the Cost of Hunger Study in Africa (COHA) conducted by the AUC revealed the degree to which child under-nutrition influences health and educational outcomes; the additional barrier it has on children’s ability to achieve their full potential; and the impact it has on national productivity.

Concerned that a significant proportion of our population still remains vulnerable to the challenges of economic marginalization, hunger and malnutrition, despite the positive achievements registered recently in agriculture and economic growth; and **reiterating** our resolve to ending hunger and improving nutrition consistent with our 2013 Decision

on Renewed Partnership for a Unified Approach to End Hunger in Africa by 2025 under the CAADP Framework [Assembly/AU/Dec.490-516(XXII)].

Reaffirming our resolve towards ensuring, through deliberate and targeted public support, that all segments of our populations, particularly women, the youth, and other disadvantaged sectors of our societies, must participate and directly benefit from the growth and transformation opportunities to improve their lives and livelihoods.

Reflecting that hunger and malnutrition are major causes of poverty and underdevelopment in Africa by causing poor health, low levels of energy, and mental impairment, all leading to low productivity and low educational attainment all of which can in turn lead to even greater hunger and malnutrition, thereby creating a viscous cycle.

Noting the progress made towards alignment, harmonisation and coordination of initiatives and activities of stakeholders and partners with our priorities as defined in the National and Regional Agricultural and Food Security Investment Plans that have been developed through the CAADP process, and **stressing** on the significance of sustaining this momentum.

Concerned that there is limited progress made in agro-industries and agribusiness development, which hampers value addition and competitiveness of our products in trade both local, regional, and international; and undermines the potential of the sector in transformation and generation of gainful employment opportunities for the growing African youth and women, hence **reaffirming** our resolve to the achievement of goals as provided in our Decision on 2010 Abuja Declaration on Development of Agribusiness And Agro-Industries In Africa [Assembly/AU/Decl.]

Also concerned over the heavy and growing dependence of our production systems and consumption patterns on external factors (weather, global markets, amongst others,) and their associated vulnerabilities to such external factors as climate variability and change as well as to global economic and political shocks.

Stressing the significance of enhancing conservation and sustainable use of all of our natural resources including land, water, plant, livestock, fisheries and aquaculture, and forestry, through coherent policies as well as governance and institutional arrangements at national and regional levels, to realise their huge potential to generate wealth, social benefits and contribute to the development of our economies.

Recognising the importance of multi-sectoral engagement and co-ownership of this agricultural transformation agenda within our public sectors, including infrastructure, energy, trade, industry, health, science and technology, education, hence the importance of putting in place a coherent inter-sectoral coordination of the efforts and initiatives for optimising resource use, synergy and maximising outcome and impact.

Further recognising the complementary roles and responsibilities that should be enhanced among the relevant stakeholders, including public, private, civil societies, farmers, pastoralists, fishers, in driving this agricultural transformation agenda.

Welcoming the Resolutions of the African Union Joint Conference of Ministers of Agriculture, Rural Development, Fisheries and Aquaculture, held in Addis Ababa, Ethiopia from 01 to 02 May 2014, endorsed by the Executive Council, and in particular their recommendations calling for our Assembly to consider adopting commitments along specific and concrete priorities.

We hereby adopt the following Declaration:

I. Commitment to the Principles and Values of the CAADP Process

1. We recommit to the key principles and values that define the CAADP process which include, among others:

II. Commitment to Enhancing Investment Finance in Agriculture

b) to halve the current levels of Post-Harvest Losses, by the year 2025;

c) to integrate measures for increased agricultural productivity with social protection initiatives focusing on vulnerable social groups through committing targeted budget lines within our national budgets for:

- strengthening strategic food and cash reserves to respond to food shortages occasioned by periodic prolonged droughts or other disasters/emergencies;
- strengthening early warning systems to facilitate advanced and proactive responses to disasters and emergencies with food and nutrition security implications;
- targeting priority geographic areas and community groups for interventions;
- encouraging and facilitating increased consumption of locally produced food items, including the promotion of innovative school feeding programs that use food items sourced from the local farming community.

- d) to improve nutritional status, and in particular, the elimination of child under-nutrition in Africa with a view to bringing down stunting to 10% and underweight to 5% by 2025.

IV. Commitment to Halving Poverty by the year 2025, through Inclusive Agricultural Growth and Transformation

4. We resolve to ensure that the agricultural growth and transformation process is inclusive and contributes at least 50% to the overall poverty reduction target; and to this end we will therefore create and enhance the necessary appropriate policy, institutional and budgetary support and conditions:

6. We commit to reduce vulnerabilities of the livelihoods of our population through building resilience of systems; and to this end we resolve:

 - b) to enhance investments for resilience building initiatives, including social security for rural workers and other vulnerable social groups, as well as for vulnerable ecosystems;
 - c) to mainstream resilience and risk management in our policies, strategies and investment plans.

VII. Commitment to Mutual Accountability to Actions and Results

7. We commit to a systematic regular review process, using the CAADP Results Framework, of the progress made in implementing the provisions of this Declaration; and to this end we resolve:

 - b) to foster alignment, harmonization and coordination among multi-sectorial efforts and multi-institutional platforms for peer review, mutual learning and mutual accountability;
 - c) to strengthen national and regional institutional capacities for knowledge and data generation and management that support evidence based planning, implementation, monitoring and evaluation.

VIII. Strengthening the African Union Commission to support delivery on these commitments

8. We will strengthen the capacity of the African Union Commission to help it fulfil the growing roles and mandates we have been ascribing to it, through this Declaration as well as other relevant previous Declarations and Decisions; and to this end we invite the Chairperson of the Commission to submit a proposal with a view to enhancing the institutional capacity of the lead Department as well as other relevant units, for consideration and approval by the January 2015 Ordinary Session of the Executive Council.

**DECLARATION ON ENDING PREVENTABLE CHILD
AND MATERNAL DEATHS IN AFRICA
Doc. Assembly/AU/18(XXIII)Add.3**

WE, the Heads of State and Government of the African Union, meeting at our 23rd Ordinary Session in Malabo, Equatorial Guinea;

Recalling the outcome of the Ministerial Meeting on “A Promise Renewed: African Leadership for Child Survival” which was held in January 2013 in Addis Ababa, Ethiopia;

Noting that the call for “A Promise Renewed for Child Survival” emerged from the Global Call to Action for Child Survival Conference convened in Washington, D.C. in June 2012;

Recalling that the Maputo Plan of Action for the Operationalization of the Sexual and Reproductive Health and Rights Continental Policy Framework seeks to take the continent forward towards the goal of universal access to comprehensive sexual and reproductive health services in Africa by 2015;

Noting with concern that the Maputo Plan was a short term plan built on nine critical action areas: Integration of sexual and reproductive health (SRH) services into PHC, repositioning family planning, developing and promoting youth-friendly services, unsafe abortion, quality safe motherhood, resource mobilization, commodity security and monitoring and evaluation and there is a need to have a second round plan;

Recalling the launching of the African Union Campaign for Accelerated Reduction of Maternal Mortality in Africa (CARMMA) in May 2009;

Aware of the fact that the African continent shares a significant global burden of newborn, child and maternal mortality;

Cognizant that most of the deaths are preventable and that some African countries have achieved MDG 4 and some are on track to achieve MDG 4 and 5;

Emphasizing the need for a renewed commitment and stronger efforts to accelerate the progress on maternal and child health;

Convinced that preventable maternal and child deaths can be significantly reduced through concerted actions;

Hereby Declare our:

1. **COMMITMENT** to End Preventable Child and Maternal Deaths by the year 2035 in line with Post 2015 Framework on Sustainable Development ; and in this connection **COMMEND** our Member States especially those that successfully

achieved MDGs, for the exemplary efforts they made and for the commitments of their leadership in achieving the difficult task;

2. **RESOLVE** to achieve Universal access to quality MNCH services by developing and implementing a Pan-African MNCH Road Map incorporating the second round renewed Maputo Plan of Action and strengthening the implementation of the Campaign for Accelerated Reduction of Maternal Mortality in Africa (CARMMA);
3. **ACKNOWLEDGMENT** of the need of scaling-up access for underserved populations, such as high burden, rural and low income groups;
4. **CONVICTION** that our priorities should be directed towards high impact solutions focusing on the primary causes of child and maternal death;
5. **READINESS** to go beyond the health sector and effectively invest on multi-sectoral programs such as the education of girls and boys; the empowerment of women and men; climate change and water and sanitation;
6. **CALL UPON** all countries, donors and stakeholders to consolidate their efforts around a shared goal and common metrics to ensure mutual accountability and financing;
7. **READINESS** to support the development and adoption of a Pan-African MNCH Score Card which helps the African Union gauge and rate countries' progress on MNCH;
8. **COMMITMENT** to develop and implement country-led roadmaps that integrate on-going efforts to accelerate progress to end preventable deaths among children and mothers;. In this connection, we **REQUEST** the Commission, in collaboration with the RECs, to follow-up the implementation of country roadmaps and report on the achievements to the Assembly.

DECLARATION ON NUTRITION SECURITY FOR INCLUSIVE ECONOMIC GROWTH AND SUSTAINABLE DEVELOPMENT IN AFRICA

We, the Heads of State and Government of the African Union, having met at our Twenty Third Ordinary Session of the AU Assembly in Malabo, Equatorial Guinea, from 26 to 27 June 2014, on the Theme of the African Year of Agriculture and Food Security: *“Transforming Africa’s Agriculture for Shared Prosperity and Improved Livelihoods through Harnessing Opportunities for Inclusive Growth and Sustainable Development”*;

Recalling the OAU Resolution AHG/Res.224 (XXIX) of 1993 that recognised the seriousness of the African Food and Nutrition Situation and the efforts of Member States towards alleviating the challenge;

Further Recalling the Maputo Declaration on Agriculture and Food Security in Africa [Assembly/AU/Decl.7(II)] of 2003 that called for increased stakeholder collaboration and increased food production;

Mindful that food security without improved nutrition will not deliver the desired inclusive socio-economic outcomes; as the number of those affected by hunger and malnutrition has continued to increase over the past few years;

Stressing that Agriculture and Food Security are key determinants of child nutrition that require coordinated and comprehensive responses from other sectors, including health, education, labour, social protection, and coordinated collaboration with the development partners, private sector, the academia, civil society and communities;

Noting that human capital is the engine for the economic and structural transformation of Africa, and that the first 1000 days provide the window of opportunity for children which can influence the cognitive and physical capacity of all children, with life-long consequences;

Recognizing that as a continent efforts need to be enhanced to address childhood under-nutrition, in order to continue to reduce the prevalence of childhood stunting, but also in order to reduce the absolute numbers of stunted children in Africa;

Noting the multi-country study on the Cost of Hunger in Africa (COHA) being led by the African Union Commission and the Economic Commission for Africa, in collaboration with the World Food Programme, to quantify the aggregate social and economic impacts of chronic hunger in Africa;

Noting With Concern that the results of the study on the Cost of Hunger in Africa (COHA) revealed the degree to which child under-nutrition influences health and educational outcomes; the additional barrier it has on children’s ability to achieve their full potential; and the impact it has on national productivity;

Acknowledging the current efforts being made by stakeholders such as: (i) coordination of efforts through the African Task Force on Food and Nutrition Development (ATFFND) (ii) generation of evidence through the Cost of Hunger Study; (iii) Africa's Renewed Initiative for Stunting Elimination (ARISE 2025), a direct outcome of the COHA study; and (iv) nutrition advocacy initiatives by the African Nutrition Champion, His Majesty King Letsie III of Lesotho;

WE hereby:

1. **REAFFIRM** our commitment to end hunger by 2025 through strengthening our development policies as an effective investment in the human capital of our countries;
2. **COMMIT** to ending child stunting bringing down stunting to 10% and underweight to 5% by 2025 and in particular, focusing on the first 1000 Days as the only window of opportunity during which permanent and irreversible physical and mental damage would be avoided; and **COMMIT** to positioning this goal as a high-level objective in national development plans and strategies, and to establish long-term targets that give all children equal chance for success, by eliminating the additional barriers imposed by child under-nutrition;
3. **CALL UPON** Member States, who have not yet done so, to consider participation in the study on the Cost of Hunger in Africa and **REQUEST** the Commission, UNECA, WFP, UNICEF and other Development Partners to expedite the successful completion of the study, including wide dissemination of the results at country and regional levels;
4. **REQUEST** the Commission, the REC and Development Partners to facilitate the establishment of a continental-wide mechanism to monitor progress towards the elimination of child under-nutrition in Africa;
5. **COMMIT** to continue the dialogue and strengthen advocacy efforts in support of improved nutrition including through supporting the AU Champion.
